Our first auction of 2001 consists of 1250 lots being sold on behalf of 81 different vendors, with noteworthy concentrations of British coins, world art medals and numismatic books.

The British material features a specialist run of coins of Charles I, mostly halfcrowns, including several attractive specimens from the York mint. Some of these coins derive from collections dispersed towards the end of the 19th and early 20th centuries and are sold with appropriate tickets. Augmenting this section of the sale are two private collections, one formed with pieces mostly acquired from B.A. Seaby Ltd in the 1940s, the other from coins bought from a wide variety of sources, principally in the 1970s and 1980s. All provenances, where known, have been stated in the catalogue.

The majority of the 260 lots of art and themed medals in this auction come from three private collections. Of particular note are pieces from the estate of the sculptor and medallist Denys Pierre Puech (1854-1942) and from the personal collection of Alexandre Charpentier (1856-1909).

We are particularly pleased to be able to offer a group of German and other numismatic books from the library formed by Angelo Cantera, of Washington, USA. Mr Cantera's particular speciality was European hammered coins and he participated at the dispersal of the Lockett collection in the 1950s. His books reflect a keen interest in German bracteates and other medieval coins, and this offering represents a rare opportunity to acquire out-of-print standard references.

This catalogue also features an excellent run of proof and specimen sets, including those of 1826, 1831 and 1839; an attractive sestertius of Caligula (lot 19), a very rare pale gold Durotrigian stater of unusually fine style (lot 73), an exceptional run of the *British Numismatic Journal* (lot 1187) and a Holt House, Derbyshire, 20 Shilling banknote (lot 1222).

## Coin Auction 21 March 2001

Our first auction of coins, tokens, commemorative medals and paper money in 2001 witnessed strong prices and spirited bidding throughout, achieving a total of £219,515 (£252,442 including premium) for the 1,250 lots on offer from 81 different vendors.

British coins, proof and specimen sets attracted the lion's share of the attention from buyers in the room and attested to a new-found bullishness in the market – perhaps to be associated with the current depressed state of equities. Highest price of the whole sale was £25,000 (£28,750 including premium) paid by an overseas trade buyer for a pleasing 1839 proof set in its original case (lot 527) – double what a similar, but impaired set brought at our auction last November. The same buyer secured proof sets of 1826 (lot 525) for £14,500 (£16,675) and 1831 (lot 526) for £15,500 (£17,825).

Among the specialist run of coins of Charles I, a London dealer paid £1,000 (£1,150) for the best of three Newark halfcrowns (lot 177). The superb York shilling featured on the back cover of the catalogue (lot 174), brought £780 (£897) from a UK private collector, while an attractive example of Briot's second milled issue halfcrown (lot 162) sold to a Norfolk dealer for £700 (£805). The best hammered gold coin, a James I rose-ryal (lot 140), achieved £2,300 (£2,645).

In the milled section, five-guinea pieces of 1701, 1692 and 1738 all sold within estimate at £3,100 (£3,565), £2,600 (£2,990) and £2,200 (£2,530) respectively, as did a two-guineas of 1726 (lot 249) at £2,500 (£2,875) – further evidence of a returning confidence in the market. Elsewhere, a very attractive 1668 crown (lot 196) exceeded expectations at £1,600 (£1,840), as did a silver pattern halfpenny of Queen Anne from the Peck collection (lot 247) at £680 (£782). Of more modern pieces, a superb 1905 florin (lot 425) brought £480 (£552) and an obverse brockage of an 1878 halfcrown (lot 372) a surprising £260 (£299).

Three 17th-century coins from the German state of Schaumburg-Pinneberg headed up the foreign section of the auction. A schauthaler of Ernst III (lot 663) fetched £820 (£943) and a thaler of the same monarch (lot 664) £520 (£598), while a rare gold 20 marks of Anhalt-Dessau, 1875 (lot 666), quadrupled estimate at £650 (£748).

Strong prices were also evident among the British historical medals. The superb group of medals to Sir Francis Graham Moon, former Lord Mayor of London (lot 774), was contested to £1,200 (£1,380) by the London trade. An impaired Peace of Utrecht gold medal (lot 761) brought a surprising £680 (£782), and an Edward VI coronation medal (lot 757) £600 (£690); an unusual mother-of-pearl medal for the Battle of Navarino, 1827 (lot 767), tripled estimate at £300 (£345).

Highest price among the art medals was £500 (£575) for a gilt-bronze 1908 Olympic Games participant's medal (lot 1064). The two bas-relief medals by Charpentier, from the artist's collection, were keenly contested – *Le Chant* (lot 886) brought £330 (£380) and *La Harpe* (lot 888) £240 (£276). A 1946 medal commemorating the 50th anniversary of Madagascar as a French colony (lot 1014) attracted the attention of two keen private collectors to such an extent that the £210 (£242) price paid was no less than seven times the estimate.

German and other numismatic books from the library formed by the late American collector Angelo Cantera, of Pullman, Washington, were very well received and every lot sold, grossing £4,775 (£5,491) – a significant portion was secured by commission buyers from Germany. Other properties of books featured a seldom-offered complete run of the *British Numismatic Journal* from 1904 to 1998 (lot 1187), from the library of a UK private collector, which realised £2,000 (£2,300).

## Important Information for Buyers

### Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

All bids must be confirmed in writing, by fax or e-mail and should be received by 6 pm GMT on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.

### Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

### Buyers' Premium

A buyers' premium of 17.625 percent on the hammer price inclusive of VAT is payable by the buyer of all lots.

### Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

### Methods of Payment

All payments must be made in pounds sterling.

Payment may be made by transfer direct to Dix Noonan Webb's account at:

Lloyds TSB

Piccadilly London Branch

39 Piccadilly

London W1J 0AA

Sort Code 30-96-64

Account No. 0622865

Please include your name and bidding number with the instructions to the bank.

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Access and Visa) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

All credit card payments are subject to an additional charge of 2 percent.

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

### Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser or his authorised representative if full payment in pounds sterling has been received by Dix Noonan Webb together with settlement of any charges due.

## Conditions of Business

### Conditions mainly concerning Buyers

#### 1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

#### 2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

#### 3 The premium

The buyer shall pay to Dix Noonan Webb a premium of 17.625 percent on the 'hammer price' inclusive of Value Added Tax at the standard rate on the premium and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

#### 4 Value Added Tax (VAT)

Lots on which Value Added Tax is payable by the buyer on the 'hammer price' are indicated in the catalogue with the sign '+' indicating a liability of 17.5 percent.

#### 5 Payment

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction).

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever without regard to any directions of the buyer or his agent, whether expressed or implied.

#### 8 Collection of purchases

The ownership of the lot purchased shall not pass to the buyer until he has made payment in full to Dix Noonan Webb of the 'total amount due' in pounds sterling.

9 (a) The buyer shall at his own expense take away the lot purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken

away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

#### 10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

#### 11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

## **12 Liability of Dix Noonan Webb and sellers**

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

## **Conditions mainly concerning Sellers and Consignors**

### **13 Warranty of title and availability**

The seller warrants to Dix Noonan Webb and to the buyer that he is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

### **14 Reserves**

The seller shall be entitled to place prior to the auction a reserve on any lot, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

### **15 Authority to deduct commission and expenses**

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

### **16 Rescission of sale**

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

### **17 Payment of sale proceeds**

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

### **20 Charges for withdrawn lots**

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15%

of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon and 'expenses' incurred in relation to the property.

#### **21 Rights to photographs and illustrations**

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

#### **22 Unsold lots**
